Quality In Everything We Do

The French-Australian Chamber of Commerce & Industry (FACCI) invites you to attend a business luncheon with guest speaker Tim Pallas MP, Victorian Minister for Roads and Ports and Major Projects.

In December 2008, the Victorian State Government released its new Victorian Transport Plan, a long-term plan focused towards 2030 for Melbourne and the surrounding region. Through a \$38 billion investment, the plan is aimed at transforming Victoria's transport network, by strengthening the connection between regional, rural and metropolitan Victoria, increasing the capacity, frequency, reliability and safety of trains and trams, and reducing congestion and improving safety on the road network.

With a keen understanding of the environmental, social and economic challenges facing the government in its efforts to implement this new plan, Tim Pallas MP will present an overview of the way ahead for major transport projects in Victoria.

The luncheon will include a three-course menu with French wines.

Please RSVP by Monday 15 March using the attached booking and payment form and return it to the FACCI office (refer to footer below).

For all enquiries call 03 9600 0000 or email melanie.lim@facci.com.au

Tim Pallas MP is the Victorian Minister for Roads and Ports and Major Projects. As Minister for Roads and Ports, Mr Pallas oversees Victoria's extensive roads network, road safety initiatives, its world-class ports and the implementation of The Victorian Transport Plan. He is also responsible for logistics and marine issues.

The Minister is the Victorian representative on the Australian Transport Council – the peak body for Commonwealth, State, Territory and New Zealand Governments to coordinate and integrate transport and road policy issues.
