

Bolloré Logistics Australia wins Employer of Choice award 2023

Bolloré Logistics Australia won the Employer of Choice (EOC) Awards 2023 and is recognized by the Australian Business Awards (ABA) as one of the top businesses to work for in Australia.

Through the development of new policies, technological innovations, dedication to employee engagement and employee well-being, as well as CSR initiatives, Bolloré Logistics Australia was chosen by the ABA EOC committee as one of the high-performing companies with innovative workplace practices that maximized the full potential of their workforce. The company has also demonstrated its effectiveness in its HR engagement and processes, its employee management, recruitment, and talent retention.

Thibault Janssens, CEO of Bolloré Logistics Pacific, said, *“The most important element in an organization is its people. We spend a big portion of our time at work with our colleagues, therefore it is essential that we enjoy the company culture, values and working environment. In its 30 years, Bolloré Logistics Australia has actively promoted gender equality, diversity and inclusion. We have team members from more than 30 nationalities and ensure equal opportunity for all to grow and succeed. We are proud to receive this award which recognizes and celebrates our People Centric culture.”*

ABA is an annual awards program that recognizes organizations that demonstrate the core values of its business and develop leading workplaces that maximize the full potential of their workforce through established policies and practices.

About Bolloré Logistics

Bolloré Logistics is a major international supply chain operator and ranks among the world’s top ten transport and logistics groups with 15,000 people with a network in 146 countries. Placing customers at the heart of its strategy, Bolloré Logistics is committed to designing innovative, robust and agile solutions. Through the reliable management of the entire supply chain, the company has developed a high level of resilience, enabling it to control risks by securing transport plans through alternative options and to lead a continuous improvement policy over the long term while acting as an ethical and responsible player.
