

CONNECT SOURCE

EMICYL
Driving commercial capabilities

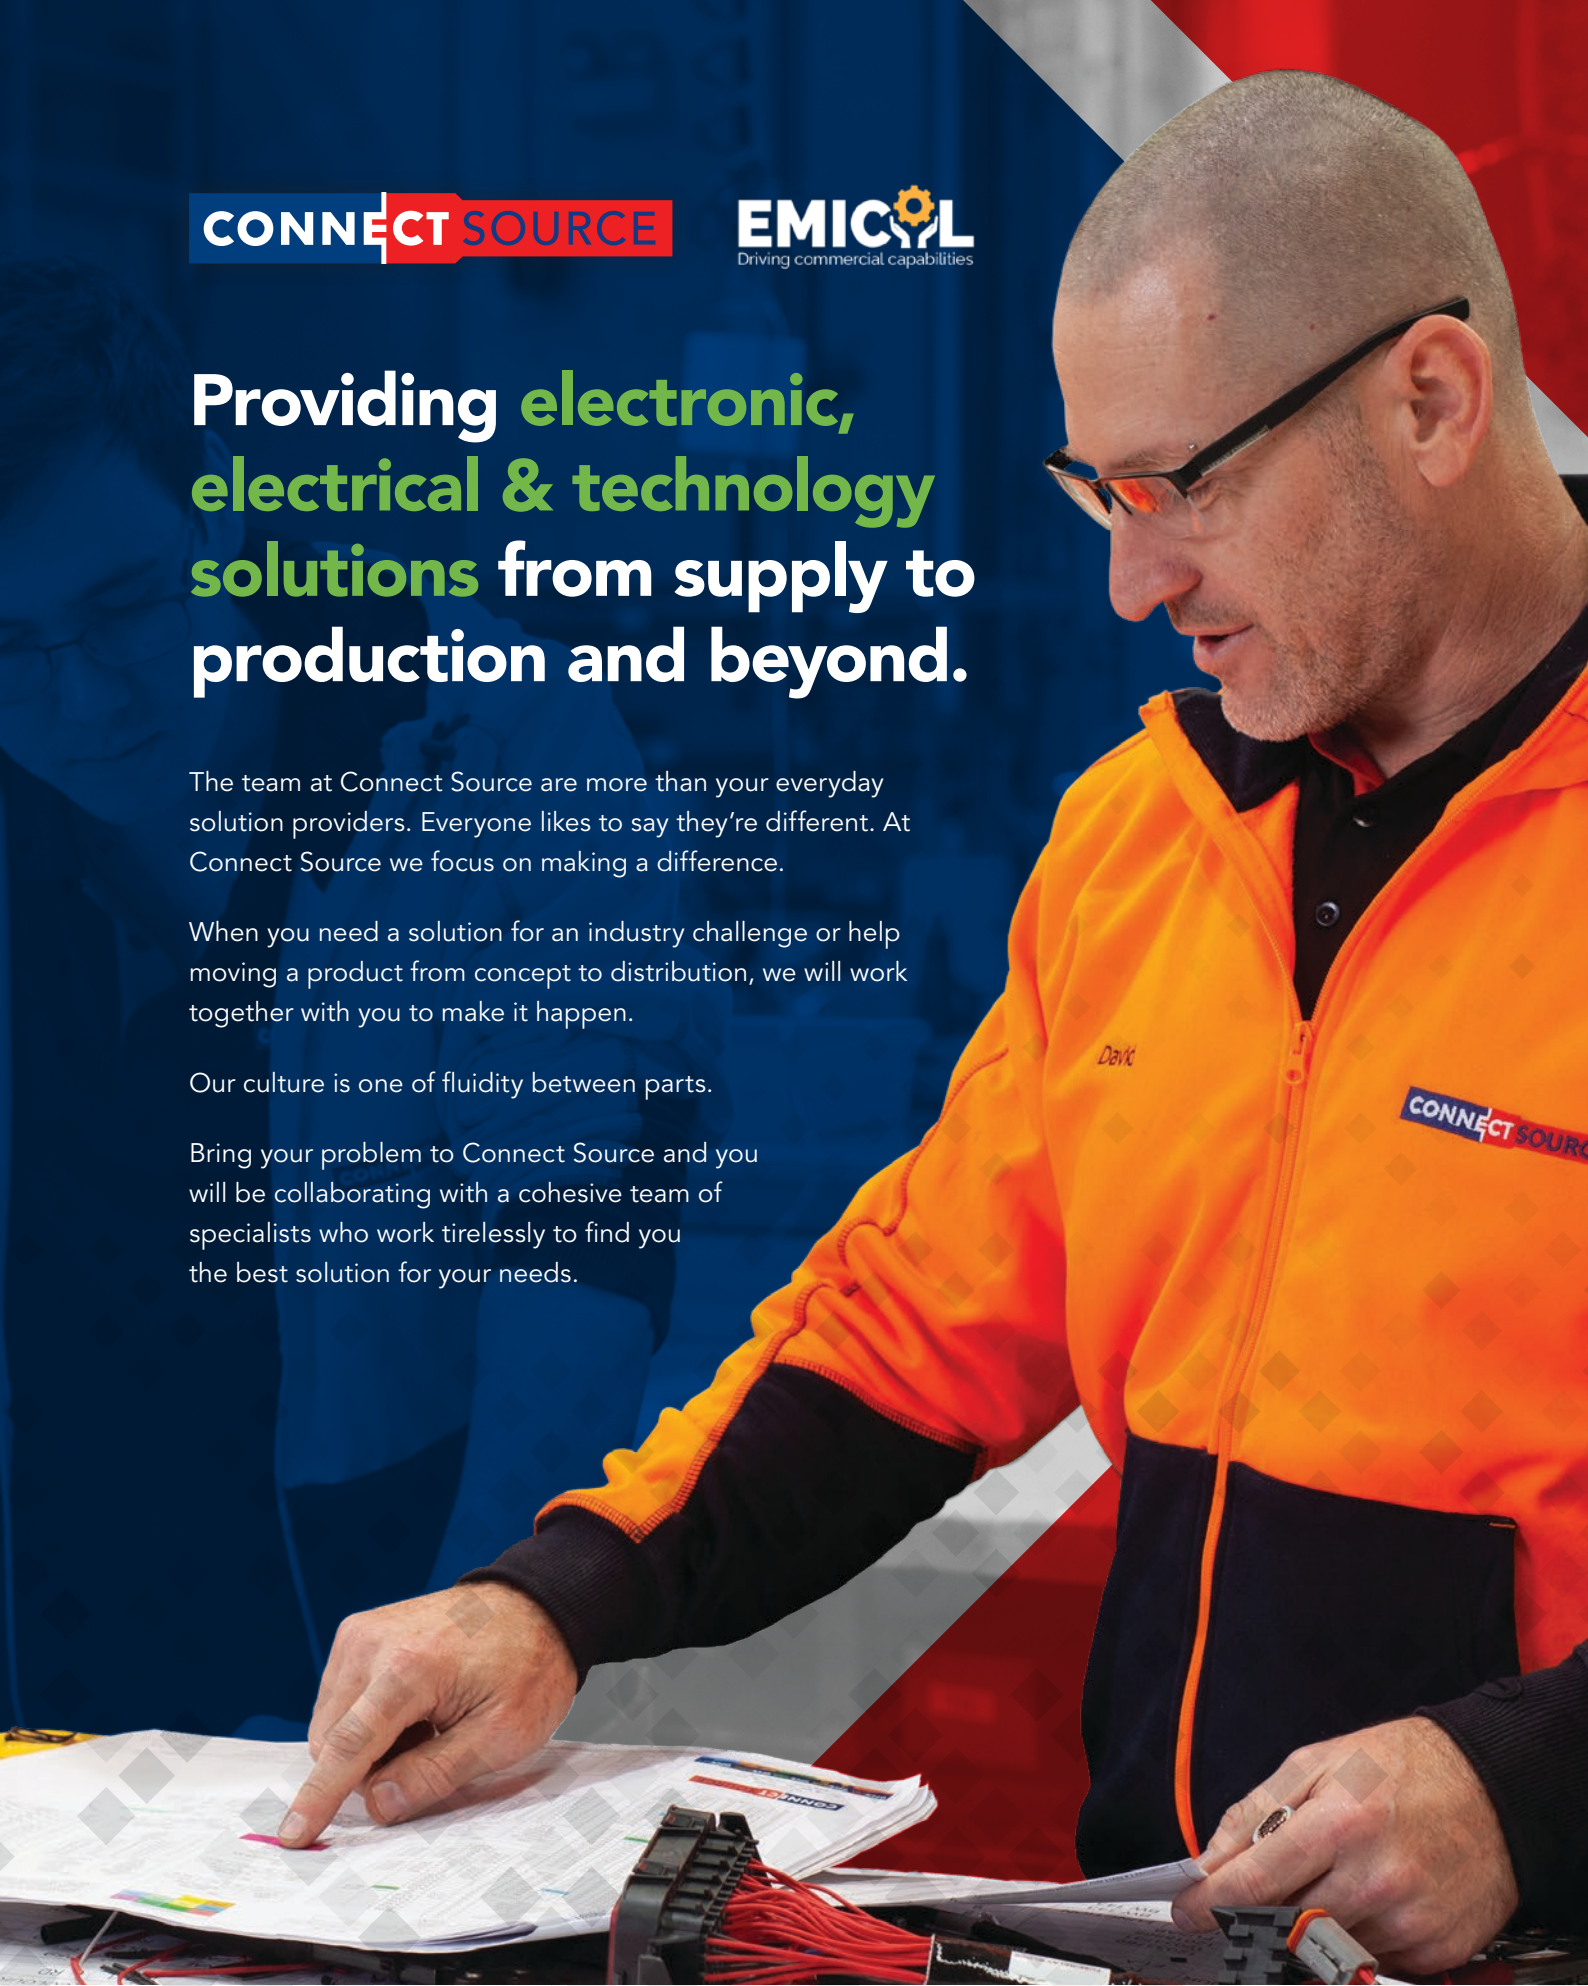

Providing **electronic, electrical & technology solutions** from supply to production and beyond.

The team at Connect Source are more than your everyday solution providers. Everyone likes to say they're different. At Connect Source we focus on making a difference.

When you need a solution for an industry challenge or help moving a product from concept to distribution, we will work together with you to make it happen.

Our culture is one of fluidity between parts.

Bring your problem to Connect Source and you will be collaborating with a cohesive team of specialists who work tirelessly to find you the best solution for your needs.
