

BONDI LIQUOR CO

Bondi Liquor Co. Opens Its Brand-New Darlinghurst Distillery — A Fresh Era for the Shared Spirit

Bondi Liquor Co. is entering an exciting new chapter with the opening of its brand-new Darlinghurst distillery on Wednesday, 17 December. This purpose-built space marks the next evolution for the brand — a creative, production, and tasting hub where every spirit is distilled onsite in small batches.

Born by the beach and raised on the optimism, grit and charm of Bondi locals, the brand now brings that same coastal spirit inland to its new urban home. Consumers can step behind the scenes and experience how Bondi Liquor Co. crafts its full range — distilled in small batches using premium ingredients and zero shortcuts. Expect thoughtfully made gin, vodka and cellos that bottle the same personality and energy that helped define the brand in the Eastern Suburbs.

The Darlinghurst distillery also marks the official unveiling of Bondi Liquor Co.'s refreshed visual identity — a modern interpretation inspired by Bondi's character, creativity and community. As founder Adrian likes to say, Bondi Liquor Co. is about capturing "the real Bondi energy — fresh, relaxed, and built on community."

Consumers are now able to visit the new space, explore the distillery, meet the team, and taste through the full range. Private tours and guided tastings are also available to book, offering a more intimate look at the craft behind the brand.

Sustainability continues to shape Bondi Liquor Co.'s approach. The distillery uses grape-based ethanol — a by-product of the wine industry — along with bulk cocktail batching formats to reduce glass waste, and low-emission bottles sourced through Saverglass.

If you'd like to book a time to come through for a private tour and guided tasting, just let us know your preferred day and time and we'll organise everything.

Bondi Liquor Co. looks forward to welcoming you to its new home in Darlinghurst.

Exclusively
for everyone.
